## Registering for your Certificate Digital Assessment

To sit an Certificate Digital Assessment, you must register with your Learning Partner for a specific sitting.

At the time of your registration you must confirm your personal email address. Please make sure you use a personal email address and not a work/company email, as company firewalls can block messages which will result in you not receiving important information. NEBOSH uses the email address registered to your learner record for all communications including to send you your login and registration details.

### Reasonable adjustments and access arrangements

The NEBOSH Access Arrangements and Reasonable Adjustments Policy.

If you need to apply for a reasonable adjustment or access arrangement for the Certificate Digital Assessment, please request this through your Learning Partner.

**Please note:** If you have been granted a revised question paper, for example, a different coloured background, you will receive a modified PDF within the NEBOSH online assessment platform.

### Email one: Assessment Registration Confirmation

Prior to assessment day you will receive an email confirming your registration.

### Email two: login details

After you have registered with your Learning Partner, you will receive a login email no later than eight days before the assessment date – this will provide you with the login details you need to access the online assessment platform. Please check your email inbox for this email. The email will contain your username (also your learner number) and a temporary password.

When you first log in you will be prompted to change the temporary password. Please keep your username and password details safe ready for your assessment day.

**Please note:** if you have previously taken a NEBOSH Digital Assessment then you will use your existing login details and will not receive this email. If you have forgotten your details, please see 'Resetting your password' on the next page.

You will be able to access the NEBOSH online assessment platform, familiarise yourself with the layout and undertake the user tour.

If you have not received this initial login email 7 days before your assessment date, please [contact us](#)

**Please note:** You will only be able to access your question paper during the time period specified for your Certificate Digital Assessment.

### Tip

## Downloading your digital assessment question paper and materials

### Downloading your assessment and answer template

When you login on the day of your assessment you will see the unit assessments you have been registered for.

During the assessment time, once you click onto the required unit, you will see an assessment file available for you to download.

Within this assessment file, you will find the question paper, an answer template and any applicable supporting material for your assessment.

To enable edit option in Moodle:

Once you have clicked on 'Enable Editing', you need to click on the 'Viewing' button and the following options appear:

You must select 'Editing' to be able to type in the document.

Once you have downloaded these documents, you have everything you need to sit your assessment.

### Answer template

It is not compulsory to use the answer template provided for all assessments, however it is recommended.

If it is compulsory to use the answer template provided, it will be clearly displayed on your assessment paperwork, for example, the question paper.

The first section of the answer template will need to be completed with your:

- Name
- NEBOSH learner number (your username)
- Learning Partner details

**Please note:** if you use the answer template, it is important that this is downloaded and used to complete your work offline. If you remain logged into the platform while completing the assessment, you will be timed out and may lose your work. Save the answer template to your computer and remember to keep saving the document.

If you decide not to use the answer template, you will need to include the same information on your submission, including:

- Unit code (e.g. NG1)
- Assessment date
- Your name
- Your NEBOSH learner number (your username)
- Learning Partner name
- Page numbering and question numbers next to each of your responses. You do not need to copy out the questions
- Word count (this does not include the references)
- A list of references you have used

Please contact your Learning Partner if you think special consideration should be applied. They will complete an application on your behalf where appropriate.

### Results
